The Beautiful *Khyra Ares*

Head Exotic Dancer for Club Furpassions

We managed to steal a few minutes with this sexy kitty while she wasn't hard at work managing her entertainment crew. She's a busy feline between her career as a touring exotic dancer and as a soon to be mother, she's always on the go. Khyra is getting pretty close to having her cub so we had to work fast! Just a few days after this shoot she gave birth to a happy and healthy cub.

Congratulations to Khyra and her mate/fellow dancer Arkansas Elytis!

AG(AnthroGasm): So whats your favorite part about being pregnant Khyra?

Khyra: Well.....I'd have to say that its the attention I get..... a lot of males look at me and tell me I'm so hot.

AG: Do you have anything to say to all those guys out there that love to see a nice round preggo belly?

Khyra: *smiles* Well I know I've seen plenty of preggy girls and they seem to love it so keep looking guys..... we're out there and were sexy.

AG: Did becoming pregnant change your sexlife with your mate? For the better? For the worse?

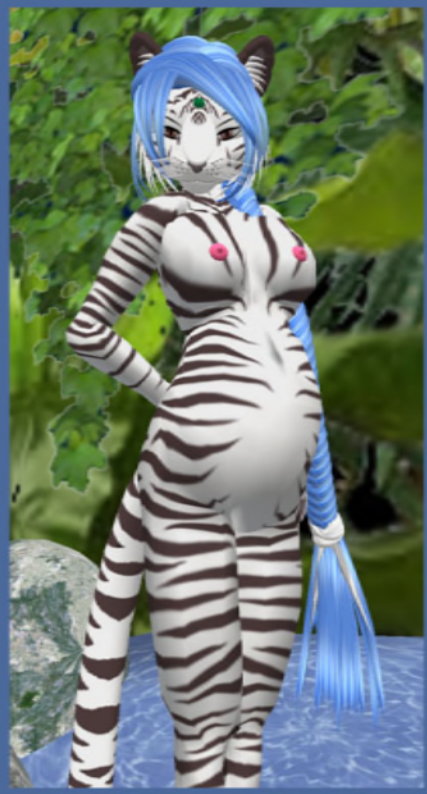
Khyra: *giggles*actually....he seems to love how I look and how I am in bed while preggy.

AG: Some females report that being pregnant increaces their libedo... have you experienced this at all?

Khyra: *smirks* Sex is all I could think about.....many times I found myself having fun all alone just to relieve some of the tension I'd built up.

AG: Interesting...so can we assume that you did have sex while you've been pregnant then? If so how was it compared to your normal sexual encounters?

Khyra: *nods* I have and I gotta say.....I was much more sensitive. Typically I take forever to get my first orgasm...but while pregnant... wow I feel like once I started, which didnt take long, I just couldn't stop.



AG: Well it sounds like we need more pregnant furries out there then huh? Great shoot- just as beautiful posing pregnant as you are while dancing ^^ thanks Khyra!

Khyra: Thanks so much bas hun I enjoyed it.

AG: No problem, we've gotta get you back here somehow... now to think up something ^^

Khyra: I'd love to come back and do this again.

AG: Great... mabye we can have you back after you've given birth for a little more action...

Khyra: *smiles* I'd love that.

Update: Khyra will be appearing next issue with a few of her male friends... two? three? Up to Khyra but it'll be party.

Little bunny Ziz Ziz...

Rabbit Extraordinaire
Ziz Gritzi

Dragon Breeder
Basinium

In the
Forest...

While wandering though the forrest aimlessly, the little bunny Ziz Gritzi happens upon a grassy clearing... cheerfully she plops down on a log to rest her pads. Not too long after that she hears a whooshing sound and the crack of tree branches in the distance. She lays out on warm grass, bathing in the bright sun as she lets her silky fur gather warmth. Ziz begins to rub her fur as she grooms her paws, her soft tongue pulling at her hind toes as she licks. The rustling in the trees draws nearer and the rabbit's ears perk up. Unbeknownst to her the warmth of the sun caused her bunny nether region to spread its scent into the forest. Frightened the bunny freezes, one leg in the air... her pink pussy visible to the tall dark figure approaching her. From the forest's edge emerges a dragon with his eyes set on the young bunny's rear. Gasping she puts both her knees up to her ears and plunges her head between her legs but it is too late, the aroused dragon has spotted her. He approaches her, sniffing and growling and begins to gently caress her muzzle to show her his intent. Ziz slowly looks up and realizes the dragon...

Ziz presents herself to the male...
A "Dragon's Eye View"

means her no harm. Still shaking she lifts... her head up and her eyes lock with the dragon. Shifting his weight he puffs his hot breath into her face and lowers himself so that his face is almost flush with hers. Slowly Ziz begins to uncurl herself and smiles at the dragon's inquisitive behavior, happy for the attention of an alpha male. The bunny begins to play with the dragon's tail happily, smiling happily and giggling as his attention shifts to what is underneath her short skirt. Ziz suddenly realizes why the mysterious dragon has taken such an interest in the small rabbit and she stops... out of the corner of her eye notices a long red rod peeking

out from his black loincloth. Her mind tells her to stop... but her body reaches for the Shaft. With a growl the dragon grabs hold of the rabbit and she squeals much to to his delight. Ziz feels her little rabbit heart begin to pump faster... her mind racing, she closes her eyes and slowly guides the dragon cock into her mouth with a deep hum. With his hands on her frame the dragon slides Ziz so that she is on he knees. Growling he allows the rabbit to suck him gently.

The dragon growls in pleasure as his member is sucked by the curious bunny and he rubs her hair as she hums. Before she can protest he pulls out of her and guides her onto her stomach... she smiles and spreads her long legs for him, egar to know what his dragonic cock feels like. With one hand on her back he slips his shaft between her hot lips and begins to pump her pussy steadily, the young bunny's juices begin to seep down...

the warm inner thy onto the grass below. Still growling the dragon rears up on the little bunny as he rams his shaft into her soft folds. Underneath his body the bunny whimpers and squeaks in delight. She has never felt the strength of a dragon before and her writhing body aches for more. with animal instinct she pushes back on him, crying out with each full pump. Reaching down to adjust himself the dragon decides to enjoy his bunny prize from a different angle. He now realizes just how much pleasure he is giving the young female and growls once more in delight as he hefts the young rabbit up effortlessly and holds her just above his tool, the juices flowing from her slit with great frequency. moan after moan escapes the quivering female as she is slowly filled once more by her dragon lover. Sighing as her canal is streached by his shaft, she begins to rock up and down on his body. Carefully she lowers herself onto his balls and grinds, a smirk...

So I take it you're bi, do you prefer guys or girls?

Um, yeah, I'm bi..... I don't have a preference, necessarily- both sexes have their unique qualities but I do have to say that I love a woman's breasts and I like to lick pussy, too, lol.

Ok, so back to my fantasy.....

The female would be on her back, as I said, with a nice fat dildo wedged up inside of me the second male would be behind me, fucking my ass.... making me nice and full, the way I like it and then the first male should have his cock out in front of my face, nice and erect, making me beg for it...

steals across the rabbit's muzzle as she becomes more adventurous with her new dragon companion. He too begins to smile as he begins to pump in and out of her in time with her advances. Giggling and gasping she rides him fast and hard, the dragon grunts as he grasps her arms, pinning her onto his long cock. Their union could be heard for a great distance as the roars of a satisfied dragon mixed with the cries of ecstasy from the young bunny stretch across the Forrest. finally he slides her down onto the ground and sits on top of her. A huge smile crosses her face as he places his member between her supple breasts. Immediately she presses her soft breasts together to provide a tunnel for him to hump against her soft chest fur. Chuckling he begins to thrust against her chest, his heavy balls rubbing against her body as she giggles and smiles, mouth wide open in pleasure as she is mounted by the big male. his tale slithers behind him and begins to rub her neglected pussy as he titty fucks the young girl. Moaning in uncontrollable passion the bunny's head flips back as the dragon unleashes torrents of cum all over her chest and muzzle. Gasping in joy she laps up as much of his offerings as she can manage. He pumps his load onto his bunny lover for quite...

some time. After using her soft breasts as his toys, the satisfied dragon finishes launching his breeder sized load into the squealing bunny. He feels his long cock fall out of her as she bucks on top of him uncontrolably, the sensations from the rock hard member within her causing her mind to fuzz out. Before she knows it her petite pussy is full of dragon cum and with a roar his cock slips out of her and spews cum all over her abdomen. The little bunny gasps as she realizes what has just happened... she sits there... slowly a smile begins to grow on her face... she turns around and kisses the dragon on the tip of his muzzle. Very pleased with his new bunny mate the once ferocious dragon licks and kisses her nose as she hums in delight. The two lay down on the damp grass and kiss into the evening, holding each other tightly as she feels his cum settle deep within her. Without words the two creatures realize they have a connection and their chance acquaintance flourishes until they become inseparable.

Furry Impregnation: Krystal Gets a Home Made Souvegnier.. Aww!

Players:
Krystal Mesic - Rich dragones on vacation in the Dingo Homeland.. she becomes a mommy after this shoot.

Kehf Nelson - Rugged Dingo Tour Guide... famous for showing female patrons his "romantic lake" and the rest his history!

My trip... down under...with my tour guide
His name was Kehf... I *think*... we were
really busy a lot of the time... I don't remember!

I also forgot my "Pill" on the trip...

And my tummy is getting a bit round... I think my tour guide gave me a little more than just some personal attention..

Well anyway heres how it happened... Enjoy! I did!!

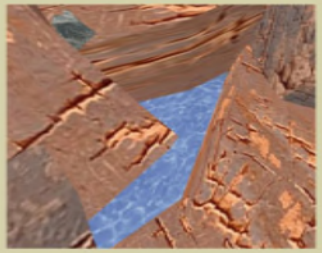
Mmm... but I remember other things about him...

Here's a picture of him I took... He told me he's a cliff diver on the weekends... and... he even took me to a secret lake!

Oh and here's a picture of me.

That dress was a little hot for the outback...

The dingo took me to his secret spot that wasn't part of the tour! This part wasn't that interesting to me though...



The lake!... hmm

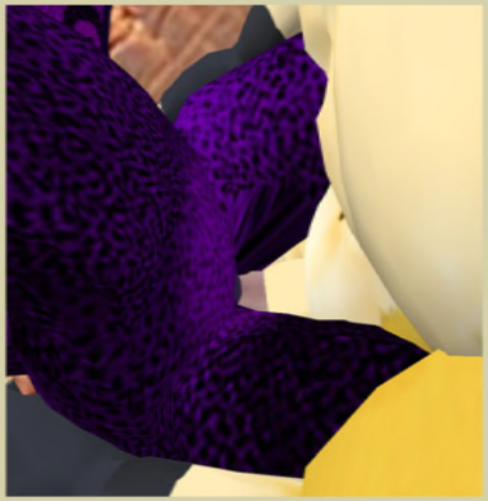
It was sooo hot out there!! He was soo nice too! He told me that black ABSORBS heat! So helped me take off my top to cool me down!

The heat was so strong... Kehf took off his shirt too. He had me sit on a nice rock as we took a small break.. I remember his chest...he was so...mmm.... I gave him a show :)

He was panting from the heat... and my body kept getting warmer the longer I watched his strong frame heaving in the sun. I started to rub my myself though my panties... and my scent caught the slight breeze. He began so shift as he meditated... then I motioned for him to come over.

His... strong body rose up and he walked over to me. I spread my legs and moaned as his cold wet nose began to push my damp folds open. I leaned back and he began to lick me with his rough dingo tongue...

ohhh... I was sooo wet...



Close-up

It was so good... he ate me for ages... then I grabbed his muscular body as he carried me over to the rock wall... where he ravaged me like a... a... wild animal... oh...mmm...

The dingo thrust so deep.. I'd never had a male that big before. His cock was even hotter than my sunbaked scales as he slid between my dripping folds...

Close-up

He was sooo good.. my back was like pinned against the rock wall.. it seemed like he knew exactly where to have sex with me... weird but anyway he was so big! Uhh...ohh.. the story... I remember my breasts were bouncing so hard my chain was holding them together as he had his way with me.

Then he took me over to this special rock that...

Here is a picture of his member... he put it all in me... all the way. I was proud of myself when he thrust in hard and I took his whole meat... I think he was a little surprized that I could take him. I guess he'd never had a dragoness before!

He banged me so hard... I loved every second of it!

but he didn't pull out...

And then he creamed my pussy. I suddenly felt a rush of warmth in my little slit... and... and then... he was pumping his massive load into my fertile belly before I knew it... ohh... it felt soo good!

Greetings from the dingo homeland!

- Krystal XOXO :)

Well... my tummy is getting quite full after coming home from my trip. I think I got a little more than a souvenir from ol'Kehf. I kinda wonder how many litters he's got out there... *pats her belly* but he made me a mommy... thats for sure :)

Rhin Forti

Introducing Anthrogasm Exclusive Feature

AG Presents Exotic Homes: Erotic homes of our furry friends be they in cave, burrow or den form.

Each month we find furries or scalies that have created a place in SL that they proudly call home. We ask them to share their secrets with us and let us explore their homes and lives. Enjoy.

This month Rhin Forti opened her doors for us to do an interview and shoot of the special place she has made her den. This bunny enjoys being an escort on occasion but today we've caught her relaxing at her home she calls "Forti's Manor."

AG: So Rhin, what do you enjoy doing when you're at your home? I understand you're an escort...

Rhin Forti: I adore making love on the 2nd floor terrace and on the rooftop at night especially when some sensual music comes on me radio.

Rhin Forti: Sometimes I have my tentacle monster out on the roof and play with him a bit :3

AG: Oh so you're into music huh? Did that have a hand in creating Forti's Manor?

Rhin Forti: Forti Manor sort of flowed into existance... I saw a friend's skybox that was one of the generic's.. I loved the open feel and decided to go shopping for my own and found this castle one that was perfect... love how open it is and the spiral stairway.

AG: Cool... so lets get a little deeper into eactly what you do in your house...So tell us about your entertainment room Rhin.

Rhin Forti: (giggles) You mean the bedroom... when I escort, I offer my return customers the option of coming here rather than a smaller, cramped skybox... for an extra little charge.

Rhin Forti: So mainly... the bedroom level of the house is chock full of my favorite sex poses and cuddles...that and the Sexgen100 helps :3

AG: I noticed that bed... I bet you have quite a bit of fun in here. Well thanks for letting us take a look into your house Rhin! We hope to see you in AG again sometime soon!

Rhin Forti: Anytime *winks*

Basinium's Brood Saga

A furry impregnation roleplay group.

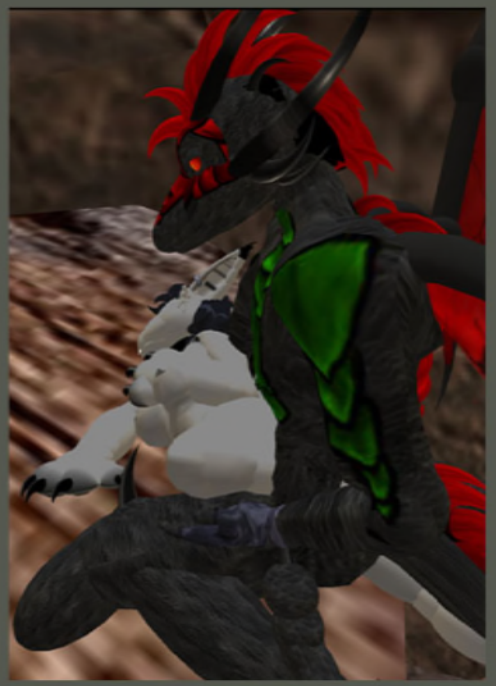
This month's broodmother.

Deise Morgan

This little bat leads a very private life... when she's not in a furry erotica magazine. The alure of being a brood-mother- to be part of the brood and to aid in the affairs of her fellow mothers was too much for her. When she's not living in the cave with the other females, Deise is a builder. A talented crafter, Deise is always busy when-ever she is out in the world. Though her mind is sharp, this bat's body hungers to be filled with young... for her primal urges to be fulfilled. Having a litter swelling her belly while she works is her life. As soon as she births one, she returns to her broodmaster for another breeding.

Deise gave birth to a healthy litter of 8 Dragats just recently...

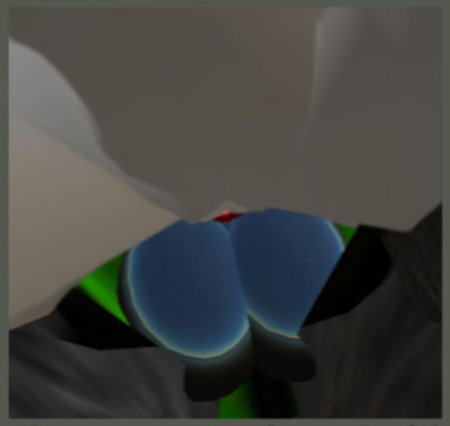
When she arrived at the brood cave there wasn't much time for the normal foreplay. She squeaked a submissive hello and I knew what she wanted... what she needed. I then knew that this little bat wasn't going to leave this cave without a little bit of me deep inside of her. Her scent was strong, I could smell she was in estrus even though her clothes and I pulled her close. Deise dipped her head in submission and seconds later she was totally nude and presenting her body to the dragon master... the rest... well...



This would be Deise's second breeding since her last litter. I'm not too sure that a litter is the only thing she's after. Not like I'm complaining...good broodmother, excellent builder...

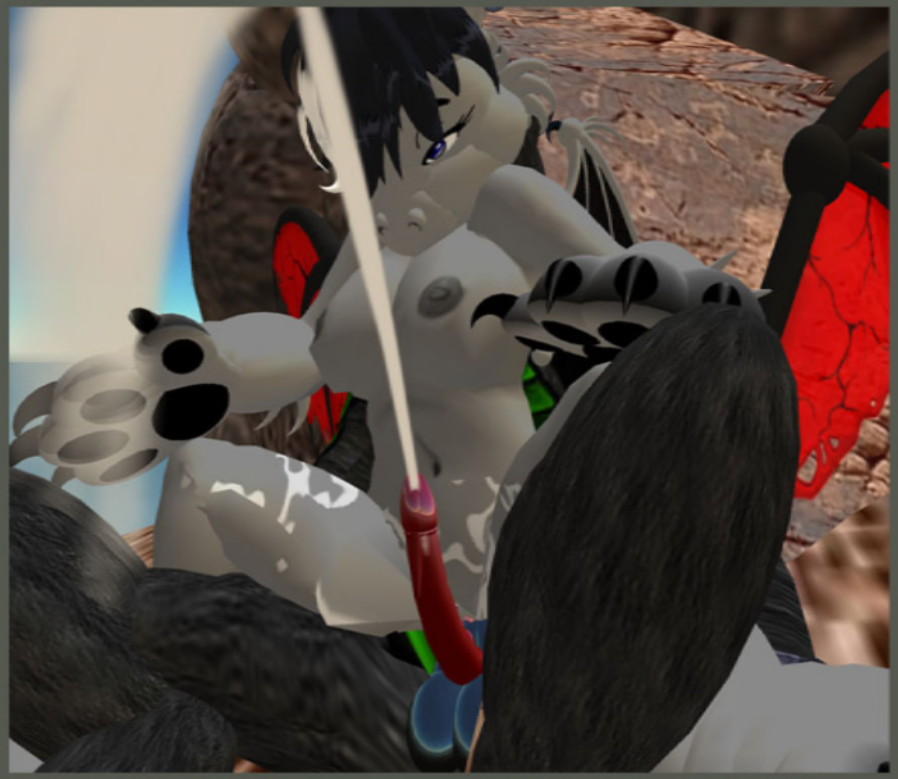
Deise has such a small frame and dragon breeders are known for... certian attributes. Her petite body rocked slowly on to mine, her gentle sultry squeaks echoed though-out the cave as we mated. My dragon claws raked along her skin as she slid all the way onto me. It was a tight fit but we managed it. Her abdomen pooched out each time I thrust into her as my tool entered her vulva.

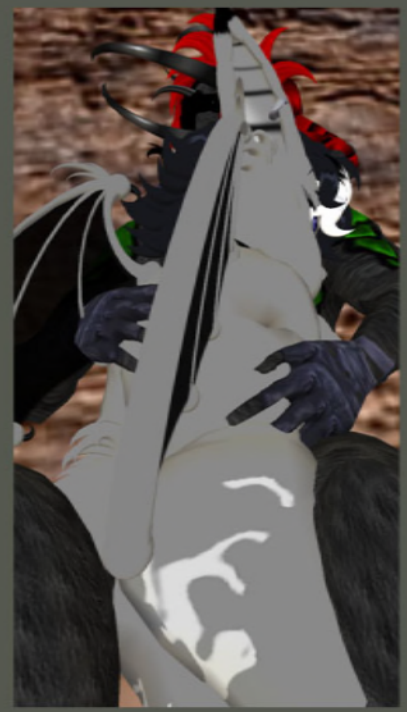
But that would be just the first part of me that Deise would be carrying around within her. I wouldnt' stop mating her until she was filled to the brim with my seed. Let us hope that our offspring will be as healthy as she.



She was very talented with her muscles... almost as if she was drawing me deeper... pulling me into her. I had planned on giving her something a little more exotic, to feel her slender body crushed up against my scales.. I tried to pull out so I could cool down but... it was a little too late for her. I flooded her until there was no more room and I flew out.

Woops... I still had a few jets left after she squeezed me out. As you can see I still had a lot of cum left after filling her up. I don't think Deise minded much- a little surprized but I gave her what she craved... filled with my hot thick cum... her breasts coated with my load as my cum slowly pulled into her womb.





Full again... another job well done I suppose. I can expect to see Deise in a few weeks once she's had this litter. If I'm lucky I might steal a play from her till next breeding. We shall see. As long as she's full of some-thing of mine!

And yes... Deise is now expecting a healthy sized litter!
